Rooted in tradition, built for today. The Haka Rugby Shirt draws from the early, hard-fought days of the sport – none more powerful than South Africa's unifying 1995 World Cup win, just years after the end of apartheid.

Made from 100% recycled materials and GRS certified, it honors that spirit with heavyweight 6.75 oz jersey fabric and classic details like a white twill collar, two-button placket, ribbed cuffs, and a drop-tail hem. Purposeful, proud, and built to last.

AND UNDYED**

Textile waste is the start, not the end, for Fairweather Johnson. We collect post-industrial and post-consumer waste, sort it by color, chop it into pieces, and blend it to create recycled yarn without dyeing or excessive water use. The yarn is then knitted into the fabrics in our apparel collection. Fairweather Johnson offers a sustainable, closed-loop production solution.
